"Opened in 1999, the course was designed by P.B. Dye -- son of the famous golf course architect, Pete Dye. The fairways are large, rolling, and well-guarded by bunkers. PB Dye Golf Club offers over 40 acres of closely cut fairways, making for a firm playing surface where big drives are the norm. Many of the fairways roll downhill from the tee and allow for spectacular tee shots, so don't hold back!" Visit their website www.pbdyegolf.com for more course information
